

Tolomeo Basculante Parete Pergament

The Tolomeo Basculante Parete provides pleasant light for your workstation and is also suitable as a reading light for sofas and armchairs. In normal use, the shade made from parchment paper is positioned vertically, regardless of the position of the arm. The adjustable arm with a sophisticated spring balance system and the lamp head which rotates in all directions provide maximum flexibility. The contrast created by the homely parchment shade and by the shining, polished aluminium on the foot and arm of the lamp is the icing on the cake for this design.
